EDUCATION

University of California, Los Angeles (GPA 3.8)

Los Angeles, CA

Bachelor of Science, Applied Mathematics

Expected July 2026

Bachelor of Science, Statistics & Data Science

- Statistics & Data Science Capstone: worked with a client from UCLA Health on analyzing self-reported questionnaire data from scarring alopecia patients for significant associations with mental health using statistical tests in Python
- Academies of Social Entrepreneurship Alumni: Analyzed publicly available datasets, conducted market research, and set up financial projects as a technical consultant for a nonprofit client in Orange County looking to launch a new venture
- UCLA Sailing Team Skipper & Apparel Officer
- Coursework: Statistical Models and Data Mining, Computation and Optimization in R, Design and Analysis of Experiment, Intro to Networks, Monte Carlo Methods, Applied Numerical Methods, Partial Differential Equations

National University of Singapore

Singapore, Singapore

Exchange student

Aug 2024 - Dec 2024

- Coursework: Stochastic Processes, Mathematical Modelling, Japan: A Green Nation?, Fashion: East v.s. West

Carlmont High School

Belmont, CA

High School Student

Aug 2018 - Jun 2022

- Concurrent enrollment student at San Mateo community colleges, taking additional coursework of Introduction to Business, Accounting Procedures, Financial Accounting, and Introduction to Graphic Design
- Awards & Honors: National Merit Scholarship Semifinalist, AP Scholar with Distinction

PROFESSIONAL EXPERIENCE

San Mateo County Sustainability Department

Redwood City, CA

Climate Protection Team Intern

Jun 2025 - Aug 2025

- Identified high impact sites for EV chargers by building spatial map in ArcGIS and integrating electric grid load capacity, charger density, and demographic data layers, resulting in clearer advocacy for site-level support in EV charger installation
- Built internal dashboard aggregating performance metrics for 15 clean energy incentive programs in Excel, identifying trends to inform future county program design and funding allocation for meeting the county's climate action plan targets
- Inventoried over 100 methane-fueled appliances across 12+ school sites and estimated decarbonization potential
- Managed an RFP and coordinated contractor logistics for an innovative cost study on commercial kitchen electrification

ASEAN Foundation Model ASEAN Meeting (East Asia Summit 2025)

Jakarta, Indonesia

U.S. Delegate

Aug 2025 - Sep 2025

- As a representative of the Lao PDR in the Economic Pillar, researched regional regulatory frameworks and investment incentives and drafted policy recommendations for offshore renewable energy development across Southeast Asia

Global Nomads Group

Remote

Curriculum Coordinator

Dec 2022 - Dec 2024

- Designed and developed a 10 unit curriculum on water management and land subsidence in California's Central Valley
- Synthesized data from aquifer simulations, historical documents, and analysis of USGS precipitation data from weather stations across California in partnership with Concord Consortium to develop data-driven materials
- Managed consultations and review cycles with 8 domain experts including USGS hydrologists, tribal authorities, and frontline communities, incorporating feedback to ensure curriculum meets NGSS standards and funder requirements
- Reviewed curriculum outputs for consistency and accuracy by incorporating field-test feedback from 9 classrooms, refining content to validate student accessibility and ensure coherence across lessons

Team Leader

Oct 2022 - Dec 2022

- Supervised six-person research team through curriculum design, establishing quality standards, reviewing outputs for accessibility and accuracy, and mentoring teammates on research methodology throughout the process

Each Green Corner

Remote

Data Evaluation Intern

Feb 2023 - Jun 2023

- Aggregated harvest data from 12 urban garden sites collected via Google Forms, developing automated metrics dashboard in Google Sheets that refreshed in real-time for stakeholder monitoring
- Analyzed site-level performance and synthesized findings into reports and recommendations for nonprofit leadership

VOLUNTEERING

California Youth Services

Remote

Data Management & Processing Volunteer

Jul 2025 - Feb 2026

- Streamlined data entry and reporting processes by developing back-end forms and workflows in Apricot Social Solutions
- Collaborated with staff to understand program needs and translating them into user-friendly data collection tools
- Developed metrics to monitor student success within the program and broad program success to communicate to donors

California Youth Climate Policy Leadership Program

Remote

Mentor

Aug 2022 - Present (seasonal)

- Providing mentorship and guidance to California high schoolers on carrying out 6+ month policy campaigns on how to build coalitions, conduct research to draft impactful policy, and present proposals to key decision makers

Sequoia Union H.S. District Sustainability Committee

Belmont, CA

Founder & Director

May 2021 - Sep 2022

- Directed a 30+ member cross-functional team with students, school faculty, community organizations, and Board of Trustee members through a committee that is still running today for environmental advocacy and action projects
- Delivered three district-wide initiatives in six months: a comprehensive waste audit across six schools in partnership with the County of Education, environmental literacy professional development for teachers, and food share carts pilot
- Received Sustainable & Climate Resilient Schools Challenge Award; served as a panelist at the Green California Schools and Higher Education Summit speaking on the importance of cross-generational collaboration
