EDUCATION

University of California, Los Angeles (GPA 3.8)

Bachelor of Science, Applied Mathematics

Los Angeles

Expected July 2026

Bachelor of Science, Statistics & Data Science

- Statistics & Data Science Capstone: worked with a client from UCLA Health on analyzing self-reported questionnaire data from scarring alopecia patients for significant associations with mental health using statistical tests in Python
- Coursework: Statistical Models and Data Mining, Computation and Optimization in R, Intro to Networks, Monte Carlo Methods, Mathematical Modelling, Applied Numerical Methods

PROFESSIONAL EXPERIENCE

San Mateo County Sustainability Department

Redwood City, CA

Climate Protection Team Intern, 40 hours/week

Jun. 30, 2025 - Aug. 30, 2025

- Identified high impact sites for EV chargers by building spatial map in ArcGIS and integrating electric grid load capacity, charger density, and demographic data layers, resulting in clearer advocacy for site-level support in EV charger installation
- Built internal dashboard aggregating performance metrics for 15 clean energy incentive programs in Excel, identifying trends to inform future county program design and funding allocation for meeting the county's climate action plan targets
- Inventoried over 100 methane-fueled appliances across 12+ schools to estimate school district decarbonization potential

Global Nomads Group

Remote

Curriculum Coordinator, 10 hours/week

Dec. 1, 2022 - Dec. 31, 2024

- Designed a 10 unit curriculum on water management and land subsidence in the California Central Valley
- Synthesized aquifer simulations, historical documents, and regressions on USGS precipitation data from weather stations across California in partnership with Concord Consortium to develop data-driven materials for lesson plans
- Managed consultations and review cycles with 8 domain experts including USGS hydrologists, tribal authorities, and frontline communities, incorporating feedback to ensure equity and align curriculum with NGSS standards
- Reviewed curriculum outputs for consistency and accuracy by incorporating field-test feedback from 9 classrooms

Team Leader

Oct. 1, 2022 - Dec 1, 2022

- Supervised six-person research team through curriculum design, establishing quality standards, reviewing outputs for accessibility and accuracy, and mentoring teammates on research methodology throughout the process

Each Green Corner

Remote

Data Evaluation Intern

Feb. 1, 2023 - Jun. 1, 2023

- Aggregated harvest data from 12 urban garden sites collected via Google Forms, developing automated metrics dashboard in Google Sheets that refreshed in real-time for stakeholder monitoring
- Analyzed site-level performance and synthesized findings into reports and recommendations for nonprofit leadership

VOLUNTEERING

California Youth Services

Remote

Data Management & Processing Volunteer

Jul. 1, 2025 - Feb. 1, 2026

- Streamlining data entry and reporting processes by developing back-end forms and workflows in Apricot Social Solutions, data management software for a nonprofit providing drug intervention services for Orange County schools
- Collaborating with staff to understand program needs and translating them into user-friendly data collection tools
- Creating and running reports with internal and external metrics to ensure student well being and measure program success

SKILLS

Technical: R (tidyverse, mlr3verse), Python (NumPy, Matplotlib, Pandas), SQL, ArcGIS, Power BI, Excel, Quarto

Languages: English (native), Mandarin (fluent)
