EDUCATION

University of California, Los Angeles *Los Angeles, USA*
Bachelor of Science, Applied Mathematics (GPA 3.7) *July 2026*
Bachelor of Science, Statistics & Data Science (GPA 3.8)

- Coursework: Statistical Models and Data Mining, Computation and Optimization in R, Design and Analysis of Experiment, Intro to Networks, Monte Carlo Methods, Applied Numerical Methods, Partial Differential Equations

PROFESSIONAL EXPERIENCE

San Mateo County Sustainability Department *Redwood City, USA*
Sustainability Specialist *Jun 2026 – Dec 2026*

- Led end-to-end update of 65 energy and water efficiency kits provided at 33 libraries by redesigning kit contents, coordinating marketing, and mapping checkout data against utility burden, delivering project in five months and 15% under budget.
- Connected staff from 22 jurisdictions to building electrification and climate resources through a bimonthly newsletter (1,000+ subscribers, 45-65% open rate) and monthly virtual and in person workshops.
- Updated dashboard of 15 clean energy program outcomes in Excel by integrating 3 data sources, documenting clear annual update processes, and visualizing summary metrics for jurisdictions to communicate climate change progress with their audiences.

Climate Protection Team Intern *Jun 2025 – Aug 2025*

- Identified high impact sites for EV chargers by building spatial map in ArcGIS and integrating electric grid load capacity, charger density, and demographic data layers, resulting in clearer advocacy for site-level support in EV charger installation
- Built internal dashboard aggregating performance metrics for 15 clean energy incentive programs in Excel, identifying trends to inform future county program design and funding allocation for meeting the county's climate action plan targets
- Inventoried over 100 methane-fueled appliances across 12+ school sites and estimated decarbonization potential
- Managed an RFP and coordinated contractor logistics for an innovative cost study on commercial kitchen electrification

ASEAN Foundation Model East Asia Summit 2025 *Jakarta, Indonesia*
U.S. Delegate *Aug 2025 - Sep 2025*

- Represented the Lao PDR in the Economic Pillar by researching regional regulatory frameworks and investment incentives and drafting policy recommendations for offshore renewable energy development across Southeast Asia

Global Nomads Group *Remote*
Curriculum Coordinator *Dec 2022 – Dec 2024*

- Designed and developed a 10 unit curriculum on water management and land subsidence for California middle schools
- Managed consultations and review cycles with 8 domain experts including USGS hydrologists, tribal authorities, and frontline communities, incorporating feedback to ensure curriculum meets NGSS standards and funder requirements
